

Id : fd-11

Result : False Positive

Reason :

Sink statement : Line 124 in below screenshot is the sink statement.

```
122     }
123   } else {
124     | Log.e(TAG, msg: "Unhandled intent!");
125   }
126 }
```

Here the parameter TAG is as static final variable and hence will not be changed.

```
32
33   private static final String TAG =
34     AlarmNotificationActivity.class.getSimpleName();
35
```

Source Statement: Line 54 in below screenshot

```
49
50 @
51 public Alarm(Cursor c) {
52   time = c.getInt(c.getColumnIndex(AlarmClockProvider.AlarmEntry.TIME));
53   enabled = c.getInt(c.getColumnIndex(
54     AlarmClockProvider.AlarmEntry.ENABLED)) != 0;
55   label = c.getString(c.getColumnIndex(AlarmClockProvider.AlarmEntry.NAME));
56   repeat = c.getInt(c.getColumnIndex(
57     AlarmClockProvider.AlarmEntry.DAY_OF_WEEK));
58   next_snooze = c.getLong(c.getColumnIndex(
59     AlarmClockProvider.AlarmEntry.NEXT_SNOOZE));
60 }
```
